OF EDUCATION

Vision: William T. Tilden is committed to creating a safe, positive environment for all of our students, staff, parents, and community partners. The fundamental principle on which we build our instructional program can be summarized in a single declaration, "All Children Can Learn!" Tilden serves a diversity of students ranging from the academically capable to the poorly prepared. Because of the differences among students, it is essential that we meet the learner where the learner is and that our instructional and behavioral program provides a comprehensive range of varying academic and social supports required to identify what students do best.

Mission: Tilden Middle School is dedicated to the mission of providing a world-class education for all students and to becoming a state recognized "blue ribbon" school.
